

WHAT DOES CARA MEAN?

CARA is extensive legislation intended to address the opioid epidemic, including prevention, treatment, recovery, law enforcement, criminal justice reform, and overdose reversal.

WHAT IT MEANS FOR US...

This means we get to be creative with local resources and find ways that work in OUR communities. This is why we created CARA Coordination here in Lorain County. We want to do this WITH you.

WHAT IT MEANS FOR YOU...

This means that you have options when it comes to obtaining or maintaining sobriety during pregnancy. We want to help you!

A service for Lorain County expecting mothers that need help obtaining or maintaining sobriety.

WHO AND WHY

Who: pregnant or recently delivered women with substance abuse or misuse

Why: every mother deserves a chance to live up to their potential

Who: mothers who are currently engaged in systems that impede unifying with their child

Why: we want to help mothers access quality support and resources without impacting the integrity of motherhood

Who: mothers who don't want to sacrifice attachment for treatment

Why: because Lorain County puts children and families first

HOW IT WORKS

- identify that you want and need help obtaining or maintaining sobriety
- call or submit a referral online for CARA Service Coordination
- service coordination is not a one-size-fits-all option. Each mother will develop an individualized plan as a roadmap to achieve their goals
- your CARA Coordinator will help you navigate systems and bring together providers to work together with YOU
- all mothers are unique and have different strengths, talents, and experiences. your CARA Coordinator will help you recognize your potential and help uncover unmet needs that are current barriers to keeping your family together.
